CAR & CPG SERIES | CAR48, CAR60, CAR72, CPG48, CPG60, CPG72

COMPACT AERATORS & COMPACT PLUGGERS

Compact Aerators

Bush Hog®'s new Compact Aerator is designed to work with today's smaller compact tractors to keep your lawn healthy and breathing easy. Our spike-type wheels loosen the compacted top layer of your lawn, creating small openings to increase oxygen and fertilizer uptake in the roots. Aerators can also be used in your no-till garden to promote seed, air, water, and fertilizer penetration. These Aerators may be smaller in size, but they are still built strong and rugged to Bush Hog® standards.

SPECIFICATIONS			
Model	CAR48	CAR60	CAR72
Product Description	COMPACT AERATOR	COMPACT AERATOR	COMPACT AERATOR
Overall Width	49 7/8"	62 1/4"	74
Working Width	44 15/16"	57 3/8"	69
Overall Depth	20 5/8"	20 5/8"	20 5/8"
Weight	166	199	219
# of Spoons/knives	120	150	180
# of Hubs	4	5	6
Spoon/Knife Spacing	3 15/16"	3 15/16"	3 15/16"
Axle	1 1/4"	1 1/4"	1 1/4"
Hitch Type	CAT 1 Std & Quick Hitch	CAT 1 Std & Quick Hitch	CAT 1 Std & Quick Hitch

Compact Pluggers

When your lawn becomes so densely compacted that the grass is struggling to breathe and absorb nutrients, you need Bush Hog®'s new Compact Plugger. The strong tubular teeth are designed to dig deeper to remove small sections of your lawn for maximum aeration. This allows even deeper penetration of air, water and nutrients into the root system.

SPECIFICATIONS			
Model	CPG48	CPG60	CPG72
Product Description	COMPACT PLUGGER	COMPACT PLUGGER	COMPACT PLUGGER
Overall Width	49 7/8"	62 1/4"	74
Working Width	43 11/16"	56 1/4"	67 7/8"
Overall Depth	20 5/8"	20 5/8"	2 5/8"
